

Beyond Disability Inc.

Are you technology challenged.

We help in your home with your tablet, mobile or laptop to connect to broadband/NBN.

Need some reasonable help at home on a regular basis.

Can't afford a laptop or broadband.

Can't afford to fix your child's school laptop.

Beyond Disability has been active on the Peninsula for over 20 years with many awards. Our volunteers hold working with children cards.

BDI supplies and maintains its equipment to save you the costs of purchase, repair and software.

BDI helps disabled of all ages, technology for disadvantaged, school children, adults on low incomes, veterans and carers.

Technology means computers, tablets, mobiles etc. capable of connecting you with family, friends and services online.

We do reserve the right to decline any applicant who does not disclose any issues which may adversely impact on our volunteers.
